We will stay with our adult chaperones the entire time we are visiting the Tennessee Aquarium and IMAX Theater, including both inside and outside on the plaza.

We understand that other people may be visiting the Tennessee Aquarium and IMAX Theater while our group is there. We will be polite and respectful of other visitors.

We will walk, not run, through the galleries at all times while visiting the Tennessee Aquarium.

We will listen to and comply with the Instructor's safety instructions while touring those parts of the building not normally open to the public.

We understand that the Tennessee Aquarium is home to many animals. We will not tap on the exhibit windows, put our hands or other objects in the water, or feed anything to the animals.

At Discovery Carts, Interactive Stations and during Education Programs we will follow the Tennessee Aquarium staff instructions regarding the handling of biofacts and the gentle touching of live animals.

We will obey the "lights out" policy as explained by the Overnight Instructor.

We will not eat, drink, chew gum or smoke while visiting the animals' home at the Tennessee Aquarium. All of the Aquarium's facilities are smoke-free.

No outside food or drink is allowed in the building (see confirmation letter regarding food allergies). Meals and snack will be served in designated areas only.

If we have questions, we will ask the Aquarium staff for information.
